

Teaching

An immediate priority for the LGC is centred on meeting the educational needs of local government, both for elected members and for officers, especially those holding or aspiring to senior management or policy positions.

The Centre is committed to a collaborate approach in working with representatives of the sector, especially Local Government New Zealand and the Society of Local Government Managers in developing a comprehensive educational programme. Current proposals include:

- A postgraduate degree in local and regional government.
- Short courses

The LGC is also committed to working with other providers, especially in the short course arena, to encourage better access to local government training programmes.
