The Auckland Transition Agency (ATA) has released discussion papers on Local Boards and Council-Controlled Organisations. Submissions must be made by 26 March 2010. Join Kensington Swan's Chris Parke and Dr Grant Hewison, together with Peter McKinlay and Catherine Harland of the AUT Local Government Centre for a pre-submission briefing on the key issues.

**The presentation will consider the following:**

- > The role of local boards and particularly the allocation of non-regulatory responsibilities.
- > The local facilities, programmes and projects over which local boards will have decision-making responsibilities.
- > The role of the seven CCOs, including their structure, responsibilities, governance and accountability.

**We look forward to seeing you there.**
